

BAY COUNTY LIBRARY SYSTEM

EQUIPMENT USE POLICY

The Bay County Library System has a variety of equipment available for patron convenience and use. All branches provide copy machines, printers, desktop computers and laptop computers. Library staff is available to assist with the use of equipment.

The Pinconning Branch Library has a microfilm reader/printer available for looking at back issues of the *Pinconning Journal*.

The Alice & Jack Wirt Public Library provides microfilm/microfiche reader/printers for looking at back issues of newspapers, magazines, city directories and many other resources of a historic nature in the Local History Room. A scanner is available for use in the computer lab. Also, a Sorenson video relay system for patrons with hearing difficulties is located in the Reference area.

For meeting room equipment, please see the [Meeting Room Policy](#).
