## WORD ART GARDEN AT SAGE TO OPEN LATE SPRING

Through an exciting partnership between BCLS and Studio 23/The Arts Center, Bay City will have its first interactive public art piece in Pershing Park at Sage Library! Work on the project began in November and was generously funded by a donation from the Friends of the Bay County Libraries, a grant from the Bay Area Community Foundation, and donations from Morning and Noon Rotary Clubs of Bay City, and Women's Philanthropy Circle.

The Word Art Garden is designed for all ages to sit, relax, and engage with poetry. To prepare for opening in late Spring 2020, Studio 23 is leading all ages rock painting workshops at Sage on Wednesday, April 1 at 4:00 pm and 6:00 pm. Registration is required either at any branch library or online via the online BCLS events calendar.

Artist rendering of the finished Word Art Garden at Sage (Pershing Park), opening Spring 2020.

A public ribbon cutting ceremony will be held in late spring. Keep an eye on our Facebook page and website for more information.

## COMPLETE THE 2020 CENSUS AT YOUR LIBRARY - YOU COUNT!

Census data is used for 10 years to decide local funding, and there's a LOT of money at stake. In our region, each person equals about \$1,800 in funding per year. In Michigan, almost half of our federal funding for education, economic development, housing, public health, social services, and food is determined by the census. Census data also affects our representation in government. If you don't get counted, Bay County risks losing vital services; that's why it is important for ALL people living in Michigan--regardless of citizenship or legal status--to participate. Responses are not shared with ICE or immigration services.

Though BCLS's funding is not federal, we understand the vital role the census plays in our patrons' daily lives. As community centers, BCLS branches and the Bookmobile are providing easy access to the online 2020 census. We have computers to use free of charge and free WiFi in every building. The census can be accessed at 2020Census.gov, though you may instead either fill out the paper form you will receive in the mail or call the number on the form to respond via phone.

You can create a brighter future for our community when you complete the 2020 Census. It's easy, confidential, and takes just 10 minutes to fill out online. The window for responses is April 1 to July, 2020.
